

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Raymond Givens, who were among the original petitioners for the chapter at Ohio State University, were

unable to be present at the installation. They will be received later into the chapter as charter members.

New York

C. J. CARVER, Corresponding Secretary.

The members of New York (Rho) Chapter are glad to avail themselves of this opportunity to extend words of greeting to their fellow workers in the education field. They come to you with high resolves and earnestly expect to fulfill them. From time to time they will tell you, through this and other channels at their disposal, of their deeds and accomplishments. Having passed through the throes incident to organization and having the National Treasurer's receipt for all our financial obligations, our energies are now more fully released for creative work. In a spirit of friendly rivalry, we call upon our fellow chapters to note our effort to attain to all the ideals of Phi Delta Kappa.

Committee on Research and Publications

In response to the feeling of the members of the chapter that a fraternity of school men should undertake work of a serious nature, a committee has been appointed to consider the matter of publications. The committee, consisting of Dr. Keller, chairman; Prof. Kohl, Mr. Bruning, Dr. Lavers and Dr. Thompson, have met and formulated a plan by which papers may be considered for presentation before the chapter, and in the light of the ensuing discussion, revised for publication. Up-

on publication it is the purpose to distribute copies to the national officers, to the several chapters and to a selected list of prominent educators. It is believed that by the method, as outlined, the members will be stimulated to do serious, fruitful work, and that the fraternity will justify its existence through its contributions to education.

We are glad to acknowledge receipt of the news letters so kindly forwarded by the chapters at Harvard, Indiana, Cornell, also from the Fresno and San Francisco Alumni Chapters. Many stimulating suggestions have been found therein. Will not other Chapters as kindly exchange with us?

Field Notes

Perusal of the following items will show how many of our men are scattering after they leave us:

Dr. D. B. Bryan is at the head of the Department of Education, Richmond College, Richmond, Va.

Dr. J. A. Lesh heads the same department at the State Normal College, Greensboro, N. C.

Brother E. L. Kuhnes is superintendent of schools, Langdon, N. D.

Brother B. E. Merriam has taken a like position at Bellows Falls, Vt.

Dr. A. C. Sides is teaching mathematics in the high school at Bridgeport, Conn.

Brother I. Z. Taub holds a position at the State Reformatory, Rahway, N. J. Supervising positions in this state are also held by Brothers Ira J. Steiner and G. H. Rentschler.
